March 29, 2020

On behalf of the Board of Directors and Chance For Life Organization (CFL), I am asking that everyone abides by Governor Whitmer's Emergency Order, Stay Home, Stay Safe and please remember to keep appropriate distance.

The staff at CFL is continuing to service our most vulnerable population. We are working from remote locations but can still be reached at our general phone number (313) 784-9209. We are providing services based on the needs of our clients. Our Mentors are in constant communication with our clients, providing them with information on how to access food, shelter and substance use disorder services. We completed our last training class on Friday, March 17, 2020 and will restart our regular scheduled training classes as soon as the Governor's order is lifted.

On Fridays, we partner with Third New Hope Baptist Church providing food boxes for pick up. Those in need should call us in advance to receive services.

Again, Stay Safe and aware as we continue to be available to afford you with needed services.

Thank you,

Tom Adams  
President
